ASPIRING TEACHING ASSISTANT IN ARTIFICIAL INTELLIGENCE (GRADUATE STUDENT)

 Student ID	 Email	 Phone	 Graduate Year	 School	 Major
2023218888	2023218888@bupt.cn	13245674567	Graduate Year 3	BUPT	Artificial Intelligence

CAREER OBJECTIVE

Motivated and responsible graduate student in Artificial Intelligence with strong academic performance, research experience, and a passion for teaching. Seeking a Teaching Assistant position to support course instruction, mentor students, and contribute to a collaborative and engaging learning environment.

EDUCATION

BUPT

Expected Graduation: June 2027

Master's Student in Artificial Intelligence

GPA: 3.74 / 4.0

- Relevant Courses: Data Structures, Algorithms, Machine Learning, Deep Learning, Database Systems, Probability & Statistics, Natural Language Processing, Computer Vision.

PROJECT EXPERIENCE

- Intelligent Homework Assistant (NLP)** | Python, Transformers, Flask Mar 2024 – May 2024
 - Built a web-based system that answers students' questions using retrieval-augmented generation.
 - Integrated a vector database (FAISS) to improve answer accuracy by 23%.
 - Deployed with Flask; supported 100+ user queries during pilot testing.
- Student Performance Analysis Dashboard** | Python, Pandas, Plotly, SQL Nov 2023 – Jan 2024
 - Analyzed academic data of 600+ students to identify trends in grades and attendance.
 - Designed interactive dashboards to help instructors track progress and at-risk students.
 - Reduced data processing time by 40% through optimized SQL queries.
- Image Classification with CNN** | Python, PyTorch Sep 2023 – Oct 2023
 - Trained a CNN to classify campus scenes with 92% validation accuracy.
 - Applied data augmentation and hyperparameter tuning to improve model generalization.
 - Presented findings and code in a class demo; received positive feedback from peers and TA.

CAMPUS / LEADERSHIP EXPERIENCE

- Peer Tutor, AI Fundamentals Study Group** Sep 2023 – Present
 - Provide weekly 1-on-1 and group tutoring for 15+ classmates in Python and ML basics.
 - Prepare clear notes, practice problems, and review sessions; help improve quiz average by 12%.
- Class Representative, AI Major (2023 Cohort)** Sep 2023 – Present
 - Communicate course feedback to instructors and help organize class activities and resources.
 - Coordinate review sessions and exam prep workshops.
- Volunteer, Orientation & Open Day** Aug 2023
 - Guided prospective students and parents; introduced AI programs and campus resources.

AWARDS & CERTIFICATIONS

- Academic Excellence Scholarship, 2023
- Merit Student Award, 2023
- BUPT Dean's List, 2023
- CET-6 (College English Test Band 6)
- DeepLearning.AI – Machine Learning Specialization
- Coursera – Python for Everybody (University of Michigan)

LANGUAGES / INTERESTS

- Languages:** Chinese (Native), English (Fluent)
- Interests:** AI research, reading, badminton, volunteering, educational technology
